

OvaCyst[®]
(gonadorelin)

ProstaMate[®]
(dinoprost tromethamine injection)

THEIR CYCLE. YOUR SCHEDULE.

Reproduction is the single-most important factor for profitable cattle production - for both dairy and beef operations.

OvaCyst and ProstaMate provide veterinarians and producers effective tools to maximize reproductive efficiency which will positively impact an operation's profitability.

- ✓ Decreased time and labor costs associated with heat detection
- ✓ Increased conception and pregnancy rates
- ✓ Shorter calving intervals
- ✓ No meat withdrawal or milk discard

| ITEM# | UNIT PACKAGE | CASE SIZE |
|---------|--------------|-----------|
| 10VA008 | 36 mL | 12 |
| 1PR0059 | 90 mL | 12 |
